

# C48i

48 Device Intelligent Charging Solution  
for Tablets, Laptops and Chromebooks

# Ergonomically Designed Charging Solution

## Easy Access from the Front and the Back

The C48i is the first AVer charging solution to be designed to be opened from the front and back at the same time, allowing students quick and easy access to their education tools and devices. Long queue lines during class to retrieve or replace devices are completely eliminated with simple one step storage and simultaneous front and back door access.

## Advanced Device Dividers

The uniquely designed dividers provide users more convenience with two easy-to-use cable clips that safely secure and manage devices charging cables. Easily fit up to 48 charging cables in their own plastic divider with the C48i and make sure you never encounter another tangled cable nightmare again.

## 3-Point Security

Security comes first when teachers purchase new teaching gadgets and technology. Constructed from high-quality steel, the C48i provides teachers the extra security to put their mind at ease and teachers can rest easy with the knowledge that their expensive new devices are safely secured behind two 3-point locks.

Fit Any Sized Device

Easy Cable Management

Solid, Secure, & Sleek

Intelligent Charging

Unbeatable Warranty

## Intelligent Charging

AVer's Intelligent Charging technology boosts the overall charging capability and efficiency of the C48i, providing a quick, convenient and safe charging solution for classroom devices. The C48i's recognized Intelligent Charging includes self-monitoring and smart AC charging.

## Intuitive Controls & On-screen Display

AVer's intuitive control layout allows for enhanced control over the C48i's charging programs and with an LED on-screen display, the C48i is capable of communicating all necessary information effectively and clearly to users.

## Passive Airflow Ventilation System

Charging electronic devices can create a lot of heat that can shorten a device's life. In order to increase device care, the C48i was designed specifically to provide the maximum amount of airflow while still being impenetrable to outside forces. The strategically positioned ventilation ports keep devices cool at all times and keep your devices safe, secure, and in working order.

## Product specifications

### Device capacity

- 48

### Slot size

- H = 23.5 cm (9.45")
- W = 3.2 cm (1.26")
- D = 35.0 cm (13.79")

### Support device

- Tablet / Chromebook up to 14"

### Charging type

- A / C

### Sync type

- N / A

### External power outlets

- 2

### Control panel

- LED & LCM

### Sliding shelves

- N / A

### Divider type

- Plastic

### Warranty

- 10-year: mechanical components
- 5-year: electrical components

### Shipping information

- 20' for 15 pcs
- 40' for 36 pcs
- 40' H for 72 pcs

### Cart dimension

- H = 107.0 cm (42.13")
- W = 87.0 cm (34.25")
- D = 60.0 cm (23.62")

### Package dimension

- H = 125.4 cm (49.37")
- W = 98.8 cm (38.90")
- D = 71.2 cm (28.03")

### Net weight

- 95 kg (209.44 lbs)

### Gross weight

- 117 kg (257.94 lbs)

### Power specification

- AC in: 100-120V ~ 50/60Hz, 12A
- PWR strip: 48-port total, 100-120V ~ 50/60Hz, 12A
- Outlet 2-port total: 100-120V ~ 50/60Hz, 12A

### Cable management

- Individual AC adapter compartments and AVer Patent Cable Latch

### Security

- Front and rear door: key padlock with 3 point mechanism

### Casters

- 4" casters x 4 (4 x lockable)

### Security hook

- Yes

Specifications may vary depending on countries and are subject to change without notice.

## Product appearance

### Front

### Side

### LED panel
