AW200

Wireless Presentation System

AVer AW200

The AVer AW200 is perfect for large classrooms, conference rooms, auditoriums, and many other presentation environments. Equipped with 4K Ultra HD image quality and an intuitive interface, the AW200 allows you to present wirelessly with just one click. No additional software or complicated cables are required, but you have the option to achieve 5G wireless transmission by connecting BYOD devices like smartphones, tablets, and laptops through HDMI™ or USB cables. Upgrade your presentations with diverse compatibility and lightning-quick sharing!

Click & Play | 4K Ultra HD | 5G Wi-Fi | Cross-Platform Support | AirPlay® & Chromecast™ | Four-Way Split Screen | Reverse Control | 3-Year Warranty

PLUG, PRESS, AND PRESENT

Just Tap & Share

The AW200 lets you share with one simple tap. No software installation is needed, which eliminates security concerns, software compatibility issues, and complicated cable configurations. When you connect smartphones, tablets, and laptops via HDMI or USB, you can transmit 5G Wi-Fi with access up to 30 meters away. Easily share important content on the display and enjoy incredible convenience, compatibility, and efficiency.

4K UHD for Presentations

Even if you're using a projector, 4K Ultra HD image quality still provides the best performance in terms of brightness, color, and resolution. Use the AW200 to clearly show text, pictures, tables, and lag-free videos in presentations that fully engage your audience.

Four-Way Split-Screen Sharing

Supporting iOS, Android™, Mac®, Windows®, and Chrome™ operating systems, the AW200's powerful cross-platform compatibility allows content sharing from different devices on a single display, with up to four split screens. Whether you use it for proofreading, highlighting, or group discussion, your efficiency is maximized.

Reverse Control for Touch Panels

Too far from the stage to your seat? No problem. Reverse control lets you easily operate your PC or laptop remotely, and it's especially useful when your display is a touch panel. Just use your finger as a mouse for the ultimate in efficient presenting.
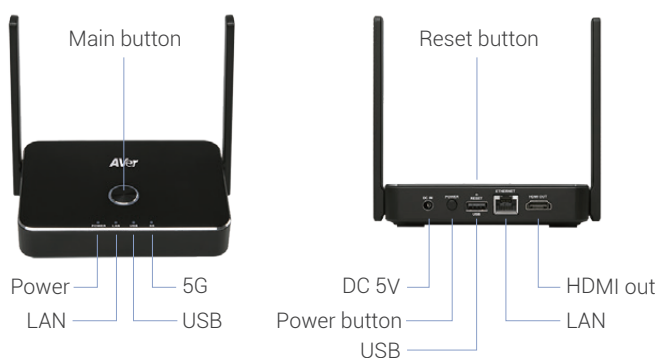

Product Specifications

Video output	HDMI	**Number of split screens**	Up to 4
Output resolution	4K	**Audio**	HDMI, MiniDP
Wireless security	WPA / WPA2	**Wireless standard**	802.11ac
Wireless connectivity	AR200: 802.11ac, 2T2R	**I/O ports**	AR200: RJ45, USB, HDMI out
	AP200: 802.11ac, 1T1R		AP200: RJ45, USB, HDMI, MiniDP
Ethernet	10/100/1000M, PoE supported	**Display control**	No
Power source	AR200: DC 5V/2A	**Power consumption**	Standby: 5W (approx.)
	AP200: DC 5V/1A		Casting: 10W (approx.)
Product dimensions (W x D x H)	AR200: 18.0 x 8.0 x 2.5 cm (without antennae)	**Net weight**	AR200: 153.0 g
	AP200: 8.0 x 8.0 x 2.5 cm		AP200: 136.9 g
Package dimensions (W x D x H)	25.1 x 18.0 x 8.0 cm	**Reverse control for touch panels**	Yes (select panels)
Working environment	Relative humidity: ≤ 80%	**Platform support**	Windows® 7 / 8 / 10 or later
	Operation temperature: 0 to +40°C and above		macOS® X 10.9 or later
	Storage temperature: -20 to +70°C		iOS 10 or later
Mirroring	AirPlay®		Android™ 5.0 or later
	Chromecast™		Chrome OS™ V70.0.3538.76 or later
Warranty	3 years		
Package contents	AVer AR200 x 1; AVer AP200 x 2; HDMI cables (1 m cable x 1; 30 cm cable x 2); MiniDP cables (30 cm cable x 2); 5V universal adapter x 1; Quick Start Guide x 1
